Taxonomy

Taxonomy are accessible here:

Structure > Taxonomy

Search the taxonomy you want to edit or create and click on "List terms":

Click on edit to modify an existing Taxonomy:

Or click on "Add term" to create one:

Webstore

You may encounter the following field:

Webstore code

BRA152

It can only be apply for website with **webstore**. This field is not mandatory.

When an offer is import from the webstore the following taxonomy are automatically created in the back-office:

- Apollo - Brand model
- Apollo - Fuel Type
- Apollo - Offer transmissiontype
- Apollo - Option/category-topic
- Apollo - Vehicle category
- Apollo - Offer Duration
- Apollo - Offer Mileage

Apollo - Brand model

"Apollo - Brand model" taxonomy are used to create and define the offer brand and model. It is also use to create brand pages like below with offers slider.

Citroën is a French automobile manufacturer, part of the PSA Peugeot Citroën group since 1976, founded in 1919 by French industrialist André-Gustave Citroën (1878–1935). In 1934, the firm established its reputation for innovative technology with the Traction Avant. This car was the world's first mass-produced front wheel drive car, and also one of the first to feature a unitary type body, with no chassis supporting the mechanical components.
